Ratio of Staff to Residents: The ratio of staff members to residents varies, based on the needs of the current residents.

Meals and Dining Options: The culinary staff at Renew prepares and serves three nutritious meals each day. Fresh, seasonal, and locally sourced produce is used when it's available. Ingredients and flavor profiles are chosen that many residents will be familiar with. The kitchen at Renew Saddle Rock is designed in an open format, which allows residents to enjoy the comforting sights, sounds, and smells of cooking. Menu choices are designed by a registered dietician who is familiar with each resident's needs.

Amenities: The building at Renew Saddle Rock was designed to look and feel like a high-end, single-family home, yet there are numerous built-in safety and security features to meet the needs of memory care residents. The amenities at Renew include an open-concept great room and kitchen, covered porches, beautiful courtyards with continuous loop walking paths, a day room for games and activities, and a fully equipped hair salon. All of the furnishings and decorations at Renew have been designed to provide peace, comfort, and tactile experiences for residents with memory issues.

Regularly Scheduled Activities: At Renew Saddle Rock, continuous, therapeutic activities are the main focus of the day, with care for residents provided throughout the day, not the reverse. Think this approach as offering activities with care, not care with activities.
